WEIGHED AND FOUND WANTING.

After two years of democratic administration, the voters of Ohio cry: "Hold, enough!"

The election in Ohio Tuesday, resulted in a sweeping republican victory. The plurality for the State ticket will be less than 20,000, while the republicans will have a working majority in the legislature. This is as it should be. It means that John Sherman will go back to the Senate. It means that there is still a republican party in Ohio, in spite of '84. It means that republican principles are enduring and will still win victories. And it goes a long way toward meaning a winning fight in 1888.

"How it snows!"

Ohio is safe. Now for Allen county.

ONE year of a democratic administration is enough for Ohio.

We have had our ear trumpet adjusted for the past three weeks, and have not yet heard a single reason why the republican county ticket should not be elected from top to bottom.

It remained after all for a democratic administration to banish the rebels. The last one to be sent out of the country is J. L. M. Curry, of Richmond, late member of Confederate Congress, who goes as U. S. Minister to Spain.

Attorney General Bradford has begun injunction suits against five Athenian saloon keepers, and gives notice that he will ask for a hearing before Judge David Martin. We hope the Junction City Union will take note of this fact. It has been so worried of late because the strong arm of the law didn't straighten out the "Governor's town."

THE campaign in Allen county this fall, is creating very little excitement, the candidates being about the only ones that seem to be particularly interested. So far as we are able to learn, the republicans expect to vote for their candidates and the democrats to vote for theirs. If that is done, it "needs no spirit come from heaven" to tell us what the result will be.

Garnett R-P: Hon. E. H. Funston arrived in the city, from Carlyle, on the noon train. He looks hale and hearty, and will enter upon his legislative duties this winter well armed for a busy session. He is one of the most tireless workers in the Kansas delegation, and is rapidly rising in prominence as one of the able men in the councils of the nation.

How much did THE REGISTER get from the republican candidates? We understand that they paid \$40 each, and that Brown paid \$100 because he drank, and Gardner had to pay \$75 because he lived in Humboldt. How much did you get Mr. REGISTER?—Inter-State.

THE REGISTER received the regular fee of \$5 from each of the candidates who announced himself. In addition to that it has not received a dollar or a cent from any candidate, nor does it expect anything more from them. THE REGISTER does not make its living by blackmailing candidates.

SINCE writing our local note referring to the action of the democratic central committee, in nominating J. W. Donohoe as a running mate for Nimrod Hankins, we have spoken to Mr. Hankins in regard to the matter and he says emphatically that he is not now and never was in the race for county commissioner. He is not aware that Mr. Donohoe has been put in his place, and perhaps our information on that point may be incorrect. At any rate, Mr. Hankins is not a candidate and will not allow his name to appear on the tickets.

FOLLOWING is an extract from the letter of a Humboldt correspondent to the Kansas City Times.

There are but two issues: first, the badly mixed condition of the records of the county, the fault of the Register of Deeds and County Clerk. Second, prohibition. The republicans treat the liquor question as a thing of the past, and do not care to take it up. The democrats are disposed to force the fight on this question, if for nothing more, to lay the ground work for the campaign of 1886. Prohibition here is a farce. There are two saloons in town, one of which is "wide open" and three drug stores which deal out the "critter" to any one who can sign his name or make his mark. There is no revenue for municipal purposes, but lots of drunkenness, and numbers of prohibitionists who voted for prohibitionists against it now.

Mr. Duffy and Mr. Duncan, as well as a good many other citizens of the

county, will be somewhat surprised, we hope, to learn that the records are in a badly mixed condition. Some of the citizens of Humboldt will be surprised too, to learn that prohibition is a farce there; that there are two saloons and three drug stores where the law is openly violated. If such is the case, it seems to have been kept very quiet.

WE accused the Inter-State of blackmailing candidates. It denies it and says "You're another." In order to settle the matter we make this proposition: We will give a warranty deed to THE REGISTER office to Mr. Smith, or any one he may designate, if he will furnish proof that any candidate was ever asked by us or ever offered, in person or by proxy, directly or indirectly, to pay us any money for the publication or for the suppression of any editorial opinion. We will also turn over the property if he will prove that we ever demanded money from any candidate as the condition of supporting him. So much for our side of the proposition. Will Mr. Smith make us as liberal a proposition?

As THE immaculate blackmailer down the river seems to enjoy denying little matters that we have cast up from time to time, we have concluded to furnish him a little more amusement in that line.

Will he deny that in 1882, while editor of the Independent Press, he placed in the hands of certain Iola attorneys for collection, accounts against the different candidates on the "Independent" ticket, aggregating in the neighborhood of \$300, for alleged services of the Press?

Will he deny that one of the said bills was against W. L. Bartels for \$25 or \$35, which was itemized as "For publishing so many editorials, so much for suppressing such and such editorial, so much, etc., etc."

Will he deny that another of said bills was against L. J. Hartman for the sum of \$25?

Will he deny that another of said bills was against J. O. Fife for \$100, and that in this case he went so far as to begin suit against Fife, by writing out his bill of particulars in which he stated among other things, that certain communications that had been offered him for publication, and which would be very injurious to said Fife, had been suppressed on the agreement of the latter to pay for the trouble?

Will he deny that he presented a bill for \$25 against Leroy Runyan last year, for "services" rendered during the campaign, and threatened to begin suit at once if it was not paid?

That will do for this time. When we hear from the I. B., the catechism will be continued.

RESOLUTIONS.

At the meeting of the Woman's

Presbyterian Missionary Society of

Sept. 30, 1885, the following resolutions

were adopted:

Whereas, That in the event of human life the great procession is forever moving on.

Whereas, Our beloved sister Alice E. Vannoy has passed over the river, we feel it eminently fitting to raise and offer a tribute of love and respect for departed worth.

Resolved, That we acknowledge the hand that controls our destinies, and our faith in the ability of Jesus Christ to save all from their sins who come to God by him, of which truth she was so tender and eloquent an advocate. And be it further

Resolved, That we bow humbly to the divine will knowing that "The world passeth away and the lust thereof, but he that doeth the will of God abideth forever." COUNTY NOTES.

FROM REGISTER REPORTERS.

What is Being Done Throughout the County—Events and Gossip of the Week.

Allen Center Articles.

Well, after an absence of two or three weeks, we again "bob up serenely" to tell what we know. Webster Johnson has gone back to Indiana on a visit. Harry Thompson has been added to the house they live in. George Michael and family, of Bourbon county, are visiting friends here at present. George used to be "one of the boys" around here and looks as natural as ever. Some of the boys concluded to give Geo. Rhodes and his wife a change of air, and they went to the bridegroom bid in the weeds and spoiled the boys' plans, and the day before the serenade was to take place, he and his bride took the train for Fort Scott. Miss Anna Millhorn and brothers, "Lark" and "Will," have gone out to Greenwood county on a visit. Now why does Mr. Jury smile, and step around with joy? because he's owned a little while a brand new bouncing boy. N. B. copy right applied for. Leroy Runyan took a trip to Wilson county last week. He reports crops there as being not much better than they are here. D. T. Nash took most of his sheep to Kansas City, week before last, but he struck a very poor market. Rev. Alt preached here last Sunday, and his next appointment is for three weeks from his last, at 7 o'clock p. m. In our last we sent in an article relating to grammatically speaking, articles always relate to Mr. Fisher's new barn, the point on his house, and the new look around there in general, and lo, and behold! when the paper came out, we found our "little piece" way down among the Iola locals. We wish to serve notice upon ye editor that although Iola goes fast, we are not yet in the suburbs. As we were away last week, there may be some items that we have failed to chronicle. We hope that when our friends know of anything interesting in the way of news, sobriety, they will let us know of them and we will try and dish it up in due to suit. Yours for news, BONNY BEN.

Center Grove Callings.

Having seen nothing in your paper from this corner, we have scraped up a few items which may be of interest to some one. Jack Frost begins to bite. Mrs. R. V. Reed was called to Kansas City the first of the week by the sudden illness of her mother, Mrs. Orvis. Mrs. Isham and daughter, of Chanute, are visiting at Mr. J. Thompson's. Mrs. Phelps, who has been ill for some time, is gaining her health again. A very pleasant party took place at Mr. Baxley's last Friday night. All who went enjoyed themselves very much. Misses Leakey and Linn and Clara Baxter were visiting at Mr. Thompson's one night last week. Mr. H. L. Palsting and Miss Lizzy Hainey were united with the ties of matrimony on Thursday Sept. 27th. We wish them much joy in their journey through life. Miss Anna Higgins is staying at Humboldt this week. Messrs. Alex. George and Sam'l Baxley spent last week at Topeka at the soldiers' reunion. Also Messrs. Elwood, Baker and Hunt. Martin Burkley is visiting his father and uncle, the Messrs. Kerns. Mr. Lynch and son attended the Xmas bazaar, taking with them three fine horses and bringing back the first and second premiums. Miss Jennie McKinney is staying at Mr. Reed's during her aunt's absence. Mrs. Williams and children who have been visiting at Mr. Lockhart's, have moved to Humboldt. LADY GRAY.

West of the River.

The late rains are in good time to save the wheat crop. There has not been near so much wheat sown as there would have been had the weather not been so dry. The Union school house has ceased its meandering and seems to have settled down for good near the road 2 1/2 miles west of town. The school board have had it replastered and intend having a new door put in and things fixed up generally. We have not learned the date school is to commence. Mr. Hall and Mr. Courtney are on a trip to the south-west. The steam boats are having a lively time boating wood and sand down the river. The cutting parties seem to be the order of the day, especially on Saturdays. Mr. J. Cutwright is building a barn. Jim Cooper has moved from Iola to J. R. Young's stone house.

Moran Matters.

Mr. C. P. Keith has just finished building a dwelling for Capt. Coe, of LaHarpe. Last Saturday we had another fight between old man Shields and our blacksmith, Sam Force. Remember the social at J. R. Thomas' north of town. Conveyance furnished from town. Bishop Thomas Bowman, of the Evangelical Church, will preach at Golden Valley Friday night, the 23rd. J. M. Brown's father, mother and brother, from Illinois, were visiting him last week. I have heard, since beginning to write, that Mr. Mat. Hickson's barn and three horses were burned Tuesday night. W. A. West shipped a car of hogs on Monday. A Mr. McDonald and wife, from St. Louis, the guests of Mr. Samuels last Saturday and Sabbath. The Ladies' Aid Society of the M. E. Church will give a lunch on election day. Jake Davis is fixing up his room preparatory to opening a restaurant. Mr. John Chapman left a squab at the real estate office of Matthews & DeHart that tips the scales at 623.4 pounds. Who can beat it? Mr. S. Downs left a Hubbard squab at Young & Carter's that is more than two feet long and weighs 26 pounds. It is a little late but I must give the news, if it is stale. Dr. Lambeth informs me that Mr. Wm. Swisher is the happy father of a brand new plow boy. Our photographer is talking of building in town and locating permanently with us. We wish he would, for we can say from an examination of his work that he is a No. 1 artist. Mr. Bettis living about seven miles south-east of town had his house burned last Thursday night. Mr. B. had just moved out and Mrs. Wonne had moved in; she lost all she had. The fire occurred while they were at church. PENCIL.

Carlyle Correspondence.

Wm. Gilkeson, who sold out last week, starts on next Monday for the western part of the State with his family. He will drive through and will be accompanied by Will Ash. E. H. Funston took a trip to Topeka the first of the week. Robert Strickler,

of Moran, an old Carlyleite, was in the neighborhood recently. The Deer Creek Literary Society organized last Saturday evening, with Jas. Wakefield as president. A good programme has been arranged and no pains will be spared to entertain all visitors. The question for debate to-morrow night is, "Resolved, That Gen. Lee was a greater military man than Gen. Grant." A reporter of the Topeka Daily Capital, whose name your correspondent is unable to learn, stopped off at Carlyle Tuesday. The boys who went to Linn county after hazelnuts, were quite successful, having gotten several bushels. G. HORRER.

Neosho Valley Notes.

There will be a U. B. quarterly meeting held at the chapel next Saturday at 2 o'clock p. m., by Rev. B. A. Spragg, at which time further announcement will be made. The old lady Stoddard has gone to Kansas City to spend several months with her daughter at that place. On Wednesday of last week B. F. Clark and family spent the day in a reunion assembly at M. M. Hart's, on Deer Creek. Forty-two members of the Clark lineage were present and participated in the festivities of the occasion. Quite a number of hogs have died with the cholera in this neighborhood of late. The Arnolds are enjoying the congenial friendship of Mr. Lyndon, a cousin from Illinois. A brother of Mrs. A. J. Serye, of Pennsylvania, is here on a visit. We are glad to learn that Mrs. W. Preston, who has been very sick, is convalescent. W. G. Jarrett has returned from Neosho county, and will start to school at Iola the first of next week. VALLEYITE.

Salem Sentences.

Will Lytle went to Geneva on business last Friday. Quarterly meeting will be held at Maple Grove next Sunday. A. Mr. Lawler, from Illinois, was visiting at Mr. Flynn's last week. Mr. and Mrs. Bon. Davis were visiting at Mr. Baxley's last Sunday. Mr. Brady's brother, Robert, was visiting him last week. Salem school has an enrollment of sixty pupils. L. B. Pearson says that he heard nearly all the speeches made at the Camp Fire at the Soldiers' Reunion at Topeka, and thinks that Mr. Funston's was the best. The new fence around the school yard is an improvement. The first step toward organizing a literary at Salem this winter has been taken. At a meeting of the Salemites last Thursday night E. W. Myler, J. E. Ryan and W. S. Lytle were appointed a committee on constitution and by-laws. There will be another meeting Friday night. O, yes, Uncle Ned, we young folks will go ahead and organize a literary, but we hardly expect a person of your great age (18) will be able to attend. There was a pleasant party at Mr. L. B. Pearson's last Friday night. Mr. Clark Myler returned from his trip out west last week and commenced teaching his school in Woodson county last Monday. PHIL FARLEY.
